

UGM 2024 Convince Your Other Boss Letter

To: [Your Loving Partner]

Subject Line: Join me on a getaway trip to Houston, TX for UGM 2024!

Hi [insert Significant Other's Name],

I'm getting an early start to Valentine's Day planning this year and feel we should go to Houston to celebrate us while also attending UGM 2024. Now hear me out...

Although the timing may seem a bit unconventional, I can promise there's a wonderful opportunity to make this a memorable experience for both of us. Here's why attending UGM 2024 in Houston, TX this year will be an unforgettable experience.

UGM 2024 would be an incredible experience to learn valuable skills and knowledge that will greatly benefit my career. I will have the opportunity to attend classes, get hands-on experience with workshops, and get the chance to network with those who also work with the software. By attending, I can gain insights that will not only advance my professional growth but positively affect our future together.

Now, about the timing. I understand that Valentine's Day is a special occasion, and I don't want it to go unnoticed. That's why I've looked into HCSS' Guest Program package. This package allows us to pick activities throughout the duration of the convention to have fun and explore the beautiful city of Houston. We can make this Valentine's memorable by enjoying the city's attractions, experiencing its culture, and creating everlasting memories together.

Here's what is available in the Guest Program:

All Inclusive (Meals, Welcome Reception, Party, and Spouse Program Activities): \$600

- Candle Making
- Axe Throwing
- Golfing
- Massages at the Hotel Spa
- Wine Tasting
- Couple's Dinner at The Original Ninfa's

Spouse Program Meals & Receptions: \$300

- Meals
- Welcome Reception
- Party

Would you be my Valentine and go to UGM with me? I couldn't imagine going without you by my side!

Sincerely,
[Your Name]
